

CERM-ESA General Application Procedure for In-Country/In-Region DAAD scholarships

STEP 1	- After applying online for a DAAD/CERM-ESA scholarship to study for a Master of Education in Research at Moi University, immediately send your scholarship application documents to cermesa@mu.ac.ke. - Please check the Moi University admission requirements carefully before applying to DAAD (see below) since the final awarding of the scholarship will depend on whether you are admitted to the respective Master's programme at Moi University.
STEP 2	- If you are shortlisted in STEP 1, you will be notified regarding the next step, which will be an interview (face-to-face or online) - If you come out successful in STEP 2, you will be awarded a Master's scholarship on the condition that you are admitted at Moi University. In order to be admitted at Moi University, please follow the procedure described below. The CERM-ESA office will provide support during this phase.
STEP 3	- Start of the scholarship and the study programme at Moi University

Application Procedure to be admitted at Moi University (only for successful candidates of STEP 2)

Note: Non-Kenyan applicants must apply for Recognition and equation of qualifications certificate from Commission for University Education, Kenya <https://www.cue.or.ke/index.php> before the online application to Moi University. CERM-ESA will provide you with the introductory letter needed while applying for the certificate.

Documents Required for Application & Registration

To apply or register for a programme at Moi University, <https://mu.ac.ke/index.php/admissions/>

Programme requirements:

Master of Education in Research

University Admission Requirements

A student for the Masters of Education in Research in the Department of Educational Management and Policy Studies must be a holder of at least a Bachelors degree of Second Class Upper and above in Education from a recognized institution of higher learning.

Duration of the Programme

The programme shall normally take a period of two (2) academic years. An academic year shall normally consist of two Semesters each lasting fourteen weeks. The period between May to August of the 1st year will be used for the the research proposal writing.

Mode of Delivery of the Programme

Multiple perspectives to teaching and learning will be adopted. The following approaches will be used: Lectures; tutorials and seminars; practical classes; demonstrations; self-directed learning and E-Learning.

Student Assessment and Examination Procedures

Examination and Thesis will be evaluated as per the guidelines in the University regulations (for examination, theses and dissertations).The first year of the course will be spend on course work, colloquium and development of research proposal. The second year will be used for research to be reported in the form of a thesis.
